## Treating Cardiovascular and Endocrine Disorders: Advanced Meridian Balancing & Pulse Matrix™ Strategies

Sunday, September 14, 2014

presented by

**D. Mark Tryling, L.Ac., Dipl. AC, CH**

Acupuncture Ethics  
with Leslie L. Myers, J.D., L.Ac.

Saturday, September 13 - 5:30 p.m. - 6:30 p.m.

**Meridian Balancing** is a simple and effective way to treat both acute and chronic disorders. It consists of 5 systems based on jing luo theory or facilitating balance (energy distribution) among the body's meridians using both acupuncture and herbs. With Meridian Balancing practitioners, can often see immediate results, especially in cases of chronic or acute pain; although it is also very effective in the treatment of internal disorders as well. Discover how YOU can incorporate into your practice treatment protocols, using minimal point combinations, especially useful in treating the complex disorders our patients bring to us today. Whether you are new to the Meridian Balancing method or want to improve your skills, you will leave the seminar with the tools necessary to help your patients in their healing process.

**Advanced Meridian Balancing and the Pulse Matrix™ system** of pulse diagnosis work together to provide robust acupuncture and herbal strategies in the treatment of complex disorders, such as high blood pressure, atherosclerosis, easy blood clotting, heart beat irregularities (cardiovascular) and thyroid problems, diabetes, hormonal imbalance (endocrine). This seminar will utilize the Pulse Matrix™ system of pulse diagnosis to focus the appropriate system of Meridian Balancing for the effective treatment of these complex cardiovascular and endocrine disorders with acupuncture and herbs. Take your Meridian Balancing practice to the next level through integrating the Pulse Matrix™ system.
