

Acupuncturists Without Borders

HEALING COMMUNITY TRAUMA

HOW TO DO ACUPUNCTURE IN THE FIELD AFTER TRAUMATIC EVENTS

Acupuncturists Without Borders is offering a comprehensive 15 CEU/PDA training, which prepares acupuncturists and other health care professionals to organize and safely run trauma recovery efforts using ear acupuncture or ear seed treatments.

photo by: Peggy Robinson

The program includes:

- How to set up a mobile acupuncture clinic in your community
- Review of the NADA protocol for disaster response efforts
- Creating effective teams for trauma relief work in the field
- Working with communities & individuals after severe trauma
- Recognizing and managing acute and secondary traumatic stress
- Neurobiology of trauma
- Why acupuncture reduces post-traumatic stress
- How to set up a Community Service Clinic to treat groups affected by trauma
- A practicum to give you the experience of participating in a field clinic
